

## 4-way office socket strip with 2x USB ports

### Manual DA-70614

The Digitus® socket strip offers four Schuko sockets as well as two USB ports for charging mobile devices. The entire strip can be switched on or off by means of an illuminated safety switch. The safety plugs are arranged in a 45° angle and are thus also suitable for right angle plugs. These are always equipped with a child safety device, and plastic covers close the contacts on the sockets. This can be installed quickly and individually by means of the supplied (height-adjustable) clamp mounts. However, it also lends itself to a fixed mounting by means of 3M screws. The appropriate mounting lugs are available. The cable length of the power cord is 1.5m. The socket strip is topped off with a high quality aluminum casing. Fits into any surroundings due to its simple design.

## Product Introduction

Desk socket, 4ways with USB, aluminum tube

Can be fixed on desk

## Basic Parameter

- Working environment: 0~35°C
- Working Voltage: 250V~
- Maximum current: 16A
- Frequency: 50Hz
- Load: 3680W
- USB Output: DC 5V, Max. 2.4A
- 4x earthing contact sockets in a 45° layout, also suitable for right angle plugs
- 2x clamp mountings (height-adjustable) for individual mounting
